### 2. School Traffic Safety

- Traffic Congestion
  - Our School Traffic Safety Committee met on the evening of January 8.
  - While the morning drop-off is proceeding well, after school pick-up is causing much congestion. Of particular concern is the double parking along Hawkins Crescent.
  - The Committee will be implementing a "Number System" for after school pick-up to quicken after school loading and to eliminate the double-parking issue.
- The School Traffic Safety Partnership met on January 16.
  - The partnership supports the piloting of the number system and is interested to see how it can positively affect the after school pick-up.
  - Traffic Enforcement is present at these meetings and will wait until our new system is implemented before increasing patrols after school.
  - *Continued on page 2.*

- Driving Practice Concerns
  - Drivers are still entering Hawkins Crescent at the east instead of west entry creating counter-flow congestion.
  - Drivers are still parking on the west side of Hawkins Crescent which adds to congestion and causes safety concerns as students jay-walk on a busy street to get to the school.
  - Unsafe driving habits such as U-Turns continue.
